Pillar 02 · Workwear & PPE

PPE GETS BOUGHT TWICE WHEN NOBODY WEARS IT

Once to pass the audit. Then again when staff quietly stop wearing it because it rubs, overheats or fits badly by hour six.

We specify against your standard first, then against the shift. Every role gets its own kit, so a new starter on site is fully equipped on day one.

What we supply
PROTECTION, SPECIFIED PER ROLE

01 PPE kits & personal protection

Helmets, safety boots, hi-vis vests, eye and hearing protection, gloves and respiratory equipment, issued as a per-role kit. Branded kit cuts shrinkage and makes contractors easy to spot on a mixed site.

- Hard hats
- Safety boots
- Hi-vis vests
- Eye & hearing
- Respiratory

02 Compliance uniforms & branded workwear

Conti suits, overalls, flame-retardant and acid-resistant garments, and the uniforms control rooms and security floors have to wear. We brand them in the same order, so you pay for each garment once.

- Conti suits & overalls
- Flame retardant
- Acid resistant
- Control room uniforms

03 First aid, hygiene & signage

Regulation first aid kits on a scheduled restock, so expired contents are replaced before an inspector finds them. Site, event and crowd-management signage comes off our own in-house large-format printers.

- Regulation first aid
- Scheduled restock
- Sanitisers & masks
- Safety signage

THE STANDING SERVICE

The part most suppliers skip. Send your SHE requirements and headcount by role. You get a per-role kit specification and one consolidated quote.

Clients benefit from:

Walk-through

01

Risk walk-through

We walk the site with your SHE rep and specify per role.

Register

02

Issue register

Who received what, when and in which size. Inspectors ask for it first.

Tracking

03

Expiry tracking

First aid contents, filters and harnesses tracked to their replacement date.

Replenishment

04

Scheduled replenishment

Standing deliveries against use, so nothing runs out between audits.

Every order is tailored to your sites, your headcount and your budget.
